

Field Day.

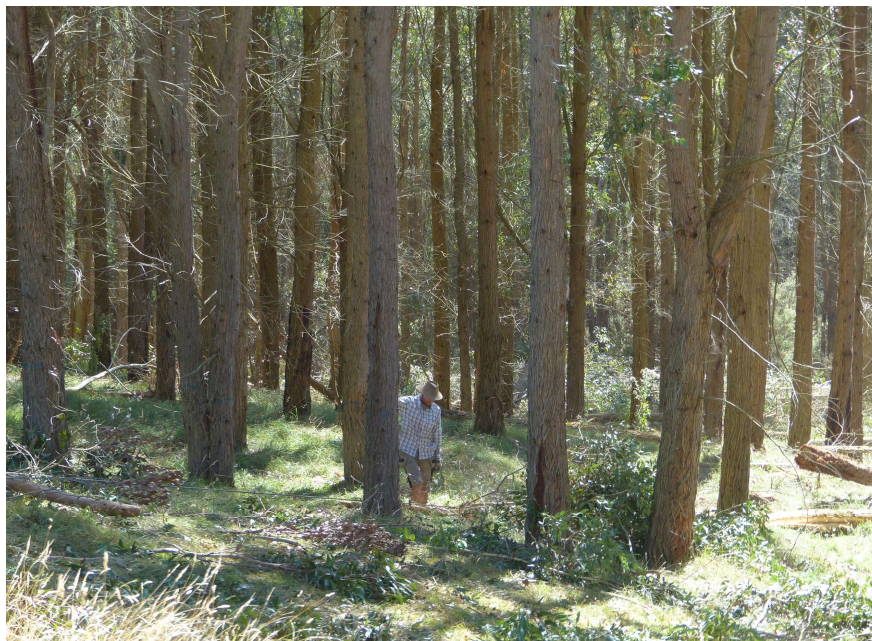

'Agroforestry—The End Game. Harvesting and marketing your product'.

The Bass Coast Landcare Network, supported by VicForests and Gippsland Agroforestry Network, are hosting this exciting field day on 'Agroforestry, Harvesting and marketing your product'.

The field day will be visiting the Glen Alvie property of Jon and Margaret Hauser who have been growing and managing timber plantations of their property for 20 years, commencing in 2003. They have recently commenced harvesting and have invested in their own portable mill. Jon will be showcasing his plantation and his milling operation and will share his experiences and thoughts on private land agroforestry, harvesting options and marketing your product. Expert consultant, Clinton Tepper from Just Add Trees, will also be joining us to talk about the original design methodology and what changes would be made at the planning stage if it was done today.

This should be a fantastic field day and we look forward to seeing you at this exciting event.

Biosecurity measures will be in place on the day. Please ensure your vehicles and footwear are clean prior to this farm walk.

Event Details

Date: Friday 3rd May

Time: 10am registration for a 10.30am start. Finish time 2.00pm.
