Empowering people to adapt

Opportunities for Carbon on Farms - Webinar 2

Benchmarking, monitoring, and trading carbon on farm? How and why?

Are you interested in learning more about Opportunities for Carbon on farms? Do you want to know how increase carbon on your farm and why you should do this?

Workshop 2 in our carbon on farm series aim to answer your questions. Topics covered will include soil and tree carbon benchmarking and monitoring, an introduction to the Biodiverse Carbon program and an update on what current government and voluntary trading programs are available. Our guest speakers will also provide specific advice on where to find further help and advice. This is an exciting session not to be missed. We look forward to seeing you over zoom.
