

Bass Coast Landcare Network Farm Walk- Drought proofing farms over the summer months.

You are invited to an exciting farm walk at the Phillip Island property of Bill and Amanda Cleland.

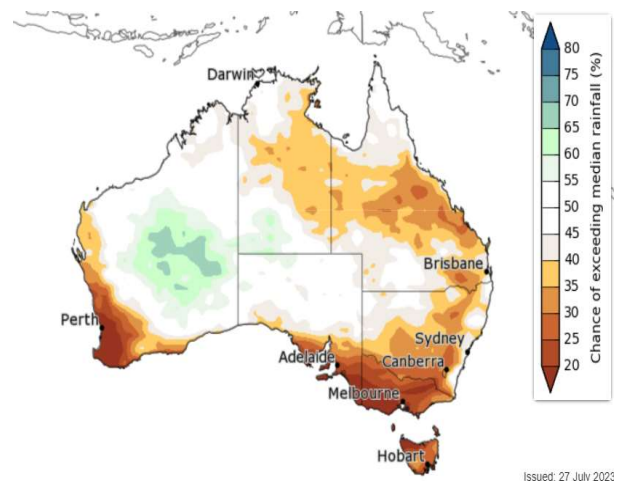

Joining us on this farm walk will be Fiona Baker from Agriculture Victoria who will be talking about what practical on farm decisions farmers can make to ensure productivity and resilience are maintained during a predicted dry spring and summer in Bass Coast.

We will start off in Bill and Amandas iconic farm shed and end up with an informative walk around the farm.

This will be a fantastic interactive farm walk and we hope to see you all on the day.

Biosecurity measures will be in place on the day. Please ensure your vehicles and footwear are clean prior to this farm walk.

Rainfall - The chance of above median for September to November
