

INFORMATION NIGHT

The Gippsland Agroforestry Group is holding an information evening for the launch of its 2020 Master Tree Growers program.

When: 7.30 Wednesday, February 26

Where: 16 Hotham St, Traralgon - at the offices of the West Gippsland Catchment Management Authority

The designer of the course, Rowan Reid, will speak on the aims, goals and methodology associated with Master Tree Growers. He will be available to answer specific questions following his presentation. There will be light supper provided.

The program consists of eight days of activities, spread over eight weeks in May and June and covering all aspects of agroforestry including:

- Species selection
- Market demands
- Economics
- Learning activities
- Harvesting and milling
- Plantation management

Participants will travel widely through Gippsland to various locations where they will experience first hand agroforestry in action with presentations by experienced practitioners.

If you wish to participate in the program please complete the expression of interest form which will be available on the night.
