

Bass Coast Landcare Network farm walk- Integrating agroforestry timber onto farms.

You are invited to an exciting agroforestry farm walk at the Archies Creek property of Ric Oldham. Ric has recently commenced integrating agroforestry into his farming operation with support from a VicForests support grant. Ric will be presenting **WHY** and **HOW** he is integrating agroforestry into his beef farming operation and how it fits into his long-term property management plan.

Also joining us will be staff from VicForests who provided funding support for Rics project. We will also take a higher-level look at what agroforestry projects are being funded on farm throughout Gippsland.

Following the presentations will be an interactive farm walk and Q & A session.

Biosecurity measures will be in place on the day. Please ensure your vehicles and footwear are clean prior to this farm walk.

Event Details.

Date: Thursday 20th June 2024.

Time: 10.30am to 1.30pm
