

*The Fungi -
An Introduction to a Curious Kingdom*

Presented by Bass Coast Landcare Network

Sunday 7th May 2017
Archie's Creek hall then onto
30 Batesons Rd, Ryanston
3995
10:30 - 16:30

This workshop takes participants deep into little known fungal realms. We will delve into the diversity, ecology and curiosities of the Kingdom Fungi, specifically to fungi found in the region but also within wider Australian contexts.

It includes an interactive and illustrated seminar on the basics of mushroom identification, fungal ecology, and the natural and cultural history of fungi. Various fungi will be examined and discussed during the workshop. Participants are welcome to bring along specimens for identification.

Following the indoor session we will partake in an exciting foray through local habitats to search for species of interest.

Cost: \$50- includes a local food lunch

Bookings: Kellie Nichols (03) 5678 2335 or 0407 529 706 or
kellie.nichols@basscoastlandcare.org.au
