

Until further notice, please follow these protocols to help minimise the risks to all volunteers, staff and landholders and ensure that we can continue to safely implement volunteer activities:

- **Please be honest about your own health for the benefit of your working group. You must report all health concerns immediately to the event facilitator.**
- Please maintain personal hygiene and avoid congregating in numbers.
- Wear a mask (unless you have a medical certificate to present)
- Check in to the site using the QR code and volunteer registration sheet
- Check temperature, record, and sanitise the thermometer
- Regularly wash your hands, avoid touching eyes, nose, and mouth
- Work in designated pairs to reduce risk of cross infection
- Follow social distancing measures of 1.5 metres separation
- In vehicles and buildings, keep windows open to circulate air where possible.
- Designate equipment to each volunteer/staff member where possible (e.g. planters and PPE) to avoid sharing. Please see event facilitator for additional PPE if required.
- Any shared spaces and equipment are to be wiped down with disinfectant after use
- Car pooling not advised. If necessary, please ensure masks are worn in the vehicle and passengers are separated
- All volunteers are to observe these protocols when working on BCLN projects/sites
- All activities should be undertaken outside
- Provision of lunch is not recommended. If necessary, please ensure appropriate hygiene measures are undertaken and food is consumed outdoors with appropriate spacing between volunteers.
- Event facilitator will be responsible for providing sanitiser and any other necessary hygiene products and equipment
