

**Demonstrating
Sustainable
FARM PRACTICES**

Diversification and Innovation Discussion Group Bus Tour.

In partnership with the French Island Landcare Group, come and join us for our exciting one day bus tour. We are visiting Peppermint Ridge Farm in Tynong North for an exciting training workshop on Bush Foods. Lunch will be on the run, stopping in Gembrook. After lunch, we will be visiting the property of respected agronomist and soil health expert, Chris Alenson, who will be facilitating a walk on his property and speaking about organics and regenerative agriculture and how he applies it at home.

Event Details

Date:	Monday 22nd May.
Time:	8.30am to 5pm.
