

Bass Coast Landcare Network Farm Walk- Integrating multi story farming on farms.

You are invited to an exciting farm walk to the **Almurta** property of **Janette and Andrew Allen**. **Janette and Andrew** took over the family farm in 2012 and have since been integrating a range of new and innovative management practices into their farming system. Most recently they have transitioned 19 hectares of their farm to multi storey farming, planting 6000 agroforestry tubestock which includes Red Ironbark, Yellow Stringybark, Silvertop Ash and Spotted Gum.

Joining us on the day will be **Agroforestry Consultant, Clinton Tepper** from 'Just Add Trees'. Clinton has been advising Janette and Andrew from the start of this project and will be presenting on the projects planning and design.

This will be a fantastic interactive farm walk and we hope to see you all on the day.

Biosecurity measures will be in place on the day. Please ensure your vehicles and footwear are clean prior to this farm walk.

Event Details.

Date: Friday 20th October 2023.
