

Becoming Fire Wise in Bass Coast- Field Day .

You are invited to this exciting and informative event on Becoming Fire Wise in Bass Coast with guest speaker Owen Gooding.

Recently retired, Owen has over 18 years experience with the CFA working on land use planning, planned burning, and the management of biodiversity and cultural heritage values in bushfire mitigation work. Owen was also a member of the national Task Force investigating house loss in the 2009 Victorian bushfires. Owen will talk about what we know about bushfire losses and the role of vegetation in contributing to or mitigating bushfire risk.

Topics covered will include plant flammability, plant responses to fire, cultural fire use, fire ecology, climate change, and the use of vegetation plantings and soil moisture conservation to reduce fire intensity and protect assets.

This will be a fantastic interactive farm walk and we hope to see you all on the day.

Biosecurity measures will be in place on the day. Please ensure your vehicles and footwear are clean prior to this farm walk.

Event Details.

Date: Thursday 28th November 2024.
Time: 10am registration and morning tea for 10.30am start. Finish at 2.00pm.
