H5 Bird Flu

WHAT IT MEANS FOR BASS COAST

COMMUNITY WORKSHOP

We invite members of the local community to attend an informational session on the H5 Bird Flu (H5N1 Avian Influenza).

The session will cover the current situation and latest developments, how to identify signs of H5 infection in birds and wildlife, and what to do if you suspect an outbreak.

Please join us to stay informed, ask questions, and learn how to report and manage the evolving situation.

WHERE:

French Island Hall

WHEN:

Wednesday 9th Sept, 10-11am

AVOID · RECORD · REPORT

This activity is funded by the Australian Government and delivered by Bass Coast Landcare
