

# Expression of Interest Bass Coast Landcare Network Land Capability and Capacity Project (Pilot)

Are you a property owner who owns at least 10 hectares?  
Do you want to know more about what their property can produce?  
Do you want to set up multiple income streams to ensure your business is more resilient?

## This is your opportunity!

The Bass Coast Landcare Network is seeking expressions of Interest from interested landowners who wish to become involved in the Land Capability and Capacity Pilot Project. This pilot project will work with one Bass Coast property identified through this Expression of Interest process.

This pilot project will take the successful property through a detailed assessment process to determine its potential to support diverse and innovative income streams. Expert knowledge and advice will be engaged to produce a property report followed by a property based field day.
