

## Rapid Soil Assessment Tool Field Day discussion over Zoom.

Due to COVID-19 restrictions we are hosting this exciting event over Zoom. We will explore the Rapid Soil Assessment Tool (RSAT) and how you can use this simple in-paddock assessment to further inform your nutrient and pasture management decisions. Agronomist Chris Alenson who helped develop the tool will be guiding us through the RSAT process. There will be plenty of time to ask questions and discuss how you found the RSAT.

In preparation for this event you will be required to watch a series of RSAT videos (30 mins) and also have trialled the use of the RSAT on one of your own paddocks (up to 2 hours).

### Event Details

<b>Date:</b>	Friday 26 <sup>th</sup> June 2020.
<b>Time:</b>	10.00 am to 12.00 pm.
<b>Zoom Link:</b>	Zoom link will be forwarded through upon confirmation of registration.
