

# Future Homes and Farms for 2040

## Empowering people to adapt

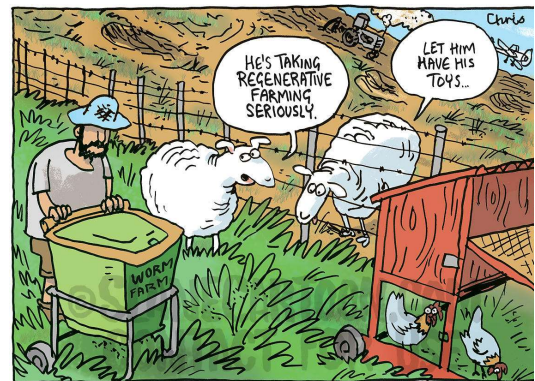

## Regenerative agriculture for small properties workshop.

Do you have a small property and want to transition to a regenerative agricultural management regime? Do you need more guidance on how to start your regenerative agricultural journey? Join us for this exciting workshop where you will find out more about planning for your regenerative agriculture small property and identifying property constraints using Permaculture principles.

Discussion includes:

- Understanding your soils
- Securing your water needs
- Composting and zero waste
- Animals on small properties (some do's and don'ts)

Gerhard Grasser from AgriSolutions will be our guest speaker for the day.
