

'Regenerative Agriculture and weed management-The big picture'.

Are you interested in learning more about managing weeds in a regenerative agriculture system? Do you want to find out what weeds in your landscape are telling you about your farm and landscape? Join us for this exciting online webinar featuring regenerative agriculture expert Declan McDonald who will explain the 'big picture' approach to weed management and how it can save you time, effort and money.

"That's your idea of weed control?"
