

Bass Coast Landcare Network River Garden Launch.

You are invited to celebrate the launch of the Bass Coast Landcare Networks River Garden Project, a community garden, trials, innovation and education precinct on the banks of the Bass River. Join expert horticulturalist, Jarrod Ruche, who will talk us through the use of contour swales, mounds, beds and also talk about setting up an espalier orchard. This will be followed by an interpretive tour of the site followed by a lunch and an open discussion about ongoing community involvement in the River Garden.
