

Diversification and Innovation Discussion Group Farm Visit.

Strzelecki Heritage Apples are a family run niche nursery business in the Strzelecki hills that grows over 400 varieties of apples including cider apples as well as numerous varieties of pears and plums. One of the largest collections in Australia, owners Mark and Margaret Brammar specialise in the propagation of heritage apple varieties. They also sell in season fruit locally and by appointment at farm gate. Come along and learn about their multi-faceted agricultural business including production of nursery stock and how this integrates with other aspects of their business.
