

WORKING TOGETHER TO BE CARBON NEUTRAL BY 2030

A year of planning for a decade of action

Totally Renewable Phillip Island Open Day, Sunday September 8th, Cowes Cultural Centre, Thompson Avenue, Cowes

<u>Purpose</u>	To involve members of the Phillip Island Community in information sharing, transition planning and reporting back on the actions and achievements of Totally Renewable Phillip Island (TRPI) in our first 12 months
Start 10am	Solar Installers ready to discuss the SmartBuy Solar & Battery Program - Sign up for solar sometime in the next 10 years and help the Island transition to 100% renewable energy Electric Vehicles on display, all your questions answered Carbon Farming Tour to Bimbadeen Farm (pre-booking required) Stalls promoting sustainable living (see stall-holder on webpage)
12 to 1pm	Low Carbon Lunch, local chefs from local produce, available for purchase
1 to 2.30 pm	Official open, with a focus on the importance of community initiatives that address climate change Guest presentation – AusNet Services on their partnership with TRPI

Presentations on TRPI projects

Carbon Accounting	Knowing where our emissions come from helps us decide how to reduce them
Clean energy	Totally Renewable Phillip Island Energy Challenge - Reduce your energy use by 20% & compete for a 5kW solar system and other energy solutions.
Food and waste	The Bass Coast Shire diversion of organic waste from landfill to compost has significantly reduced community-based carbon emissions. What's next?
Electric Vehicles	What's happening in the world of zero emissions transport and what can we hope to see on Phillip Island in the coming years.
Carbon Farming	Phillip Island farmers are capturing and storing greenhouse gases in revegetation and soils, helping to draw down the legacy load of CO ₂
2.30pm	Launch of the TRPI Carbon Insetting Scheme, and inaugural Soil Carbon Credit Auction – inset your emissions by purchasing local carbon credits
3pm-4pm	Stalls and EV displays continue.

Thankyou to the partners and sponsors of Totally Renewable Phillip Island
