

Bass Coast Landcare Network Teaming Up to Tackle Rabbits Urban Field Day

Join BCLN for a field day and information session on rabbit control and learn how you can get involved!

This session is based around urban properties and how you can effectively control the rabbits in your own backyard. We will visit a nearby urban property to show some potential control techniques. Learn about the subsidy being offered for discounted rabbit control and how to sign up!

- Hear from a rabbit control expert
- Look at what happens to vegetation when rabbits are excluded
- Learn about a new 2-year rabbit control program
